

SureMed by Omnicell for DOSIS

Quality Packaging for Your DOSIS Automation

Omniceil’s efficient and reliable DOSIS blister cards are designed specifically for use with the DOSIS L60 in partnership with Manchac. Omnicell’s single dose blister cards designed for DOSIS went through a rigorous testing process to ensure they meet the superior standards our customers have come to expect.

Features

- Cold seal process without heat
- Perforated blister in 1-piece cards allows use on DOSIS L60 or UGO
- Available in 30- and 31-day dose format
- Available in medium and large depths
- Amber blisters available for light-sensitive medication

Benefits

- Unit-dose cards are compatible with U60 lids to enable printing on the back of each bubble / cavity
- 1-piece cards with an L60 lid allow for same easy push-through as a standard punch card
- Additional card weight enhances appearance, durability, and functionality
- DOSIS cards and lids have gone through a vigorous multipoint inspection to ensure the highest quality standards
- Meet requirements for a class B container
