

SureMed by Omnicell Opti-Pak

Meet Customer Demand for Opti-Pak Packaging

SureMed® by Omnicell® Opti-Pak™ is a versatile compliance package designed to minimize administration time and medication errors. Using a system of color-coded, highly visible prescription labels, these compact punch cards make it easy to administer the right medication to the right patient at the right time.

Make Administration Easy

- Compact design, compatible with 3" medication cart drawers
- Available in 7-day (8 blisters) and 14-day (16 blisters) formats
- Convenient storage containers available for weekly and biweekly Paks
- A punch card system that does not require adjustments to medication cart configurations
- Color-coded labels indicate time pass
- Labels provide ample space for dosage information and instructions
- Tamper-evident, clearly showing if a medication was removed from card
- Disposable product eliminates the need of cleaning reusable plastic cassettes / removing labeling
- Class B compliant: Provides a dependable seal and barrier against moisture and gas permeation when sealed with an Omnicell heat sealer
- Increases efficiency in the healthcare facilities
- A Compatible with 7 and 14 day OPUS Medication Delivery System

Cost-Effective and Efficient System

Opti-Pak can be packaged using the Omnicell AccuFlex or the MTS-350 for optimal efficiency and Class B compliance.
